# HOG, GOAT, SHEEP AND RABBIT FEED PRODUCTS

## Rogue Pig Starter 21% PS2

**High-performance medicated starter ration for baby pigs.** Designed to be fed to baby pigs weighing 25 to 45 pounds, this complete and balanced starter ration provides vitamins, minerals and other essential nutrients baby pigs need for a healthy start. Rogue Pig Starter's high-nutrient concentration provides optimum and efficient gain and feed performance. Its palatable ingredients encourage feed consumption. 50PS

Crude Protein – 21.6%, Crude Fat – 5.65%, Crude Fiber – 4.0%

## Rogue Hog Grower Ration

**A premium, pelleted complete ration for growing hogs 40 to 110 pounds.** Containing the proper balance of amino acids for growing hogs, this nutrient-balanced feed costs you less per pound of gain. Hogs gain faster so you can take them to market faster. To be fed as the sole ration from weaning to a weight of 110 pounds. 50PGR

Crude Protein – 17.0%, Crude Fat – 4.0%, Crude Fiber – 6.0%

## Rogue Hog Finisher Ration

**Provides proper balance of amino acids and energy for finishing hogs.** This high-performance, high-nutrient concentration feed helps your hogs grow and develop at optimum rate. A better-balanced ration means lower feed costs per pound of gain. Rogue Hog Finisher Ration delivers maximum results and, because it requires no mixing, saves you time. 50PF

Crude Protein – 14.0%, Crude Fat – 3.5%, Crude Fiber – 5.0%

## Rogue Medicated Hog Grower Ration / Ivermectin

**Controls gastrointestinal roundworms, kidney worms, lungworms, lice and mange mites.**

A pelleted, nutrient-balanced ration is a complete feed

that requires no mixing. Hogs digest pellets effectively for optimum feed conversion and reduced feed waste. Rogue Medicated Hog Grower Ration contains the proper balance of amino acids for growing hogs 40 to 110 pounds. With this complete feed hogs gain market weight faster with lower feed cost per pound of gain. 50PGI

Crude Protein – 17.0%, Crude Fat – 4.0%, Crude Fiber – 6.0%

## Rogue Sow Lactation / Gestation

**Complete high-performance line ration designed specifically for sows and gilts.** This pelleted, high-energy nutrient feed improves quality and quantity of milk producing heavier litters at weaning. It increases birth weight and pig survival to weaning when fed in last ¼ gestation. Rogue Sow Lactation / Gestation ration is medicated, requires no mixing and eliminates producer formulation error, so you'll be confident that you have the correct feed for the life-stage of your animals. 50SL

Crude Protein – 17.0%, Crude Fat – 5.0%, Crude Fiber – 7.0%

## Rogue Premium Blend Hog Show Ration / Chromax

**A high-performance ration to provide extra finish, bloom and condition.** Containing a precise balance of amino acids and energy, this ration contains a full vitamin/mineral package to maximize lean gain and decrease back fat. Contains yeast and enzymes to promote healthy digestive systems and Chromax for efficient growth and productivity, Rogue Premium Blend Hog Show Ration is a must for hogs on the show circuit. 50PSF

Crude Protein – 19.0%, Crude Fat – 4.0%, Crude Fiber – 5.0%

## Rogue Animal Concentrate

**An all-pelleted 30% protein concentrate to be mixed with grain.** To increase the overall protein content of a ration, Rogue Animal Concentrate can be mixed with grain. You can use only one product to provide a balanced ration for livestock. This concentrate is easy to mix, allows flexibility in feeding and assures adequate nutrition. Grange Co-op's high-quality standards mean you always get a product with consistent protein and energy levels. 50RAC

Crude Protein – 30.0%, Crude Fat – 2.1%, Crude Fiber – 8.0%

## Rogue Premium Blend Goat Ration

**A palatable formulation of corn, oats, barley and nutritious pellets in a sweet feed.** Fortified with all the essential vitamins and minerals, this feed ensures your goats are getting a complete balanced ration. With its 16% protein formulation, goats have higher milk production for longer periods of production. Because Rogue Premium Blend Goat Ration is a sweet feed, you can be assured of optimum feed intake to keep them in top condition. Can be fed to goats of all life stages. 50RPG

Crude Protein – 16.0%, Crude Fat – 2.5%, Crude Fiber – 8.0%

## Rogue Medicated Lamb & Kid Creep BVT

**An all-natural, complete and balanced protein feed for growing lambs and kids.** This 17% protein feed in pellet form provides proper levels of protein for growth and development. It supplies proper amounts of vitamins, minerals and other nutrients that young lambs and kids need. Rogue Medicated Lamb and Kid Creep BVT also includes Bovatec to help fight coccidiosis and keep lambs and kids on the gain with increased feed efficiency and general health. 50LKC

Crude Protein – 17.0%, Crude Fat – 2.0%, Crude Fiber – 18.0%

## Rogue Ewe & Lamb 14

**Delivers 14% protein to ensure production goals are met.** A pelleted grain ration fortified with vitamins, minerals and 14% protein, Rogue Ewe and Lamb 14 provides ewes and lambs with complete and balanced nutrition. The palatable pellets prevent sorting to ensure ewes and lambs receive the proper amounts of nutrients. 50EL

Crude Protein – 14.0%, Crude Fat – 2.5%, Crude Fiber – 16.0%

## Rogue Premium Blend Lamb Grow & Show Ration

**A textured performance ration for show-ring lambs.** Your lambs will grow and develop at an optimum rate with this Rogue Premium Blend. This high-nutrient, balanced concentration is fortified with yeast and enzymes to promote healthy rumens. It also contains rice bran to promote growth and body condition and ammonium chloride to help prevent urinary calculi. 50LSF

Crude Protein – 18.0%, Crude Fat – 4.5%, Crude Fiber – 10.0%
