QUALITY FEEDS**

## POULTRY FEED PRODUCTS

### Rogue Starter / Broiler

**A complete and balanced feed for layer chicks from hatch to 9 weeks.** Containing 21% protein for growth and development, this feed supplies the proper amounts of vitamins, minerals and other nutrients chicks need. Manufactured as a crumble, it's easy for chicks to consume, so less feed is lost as waste. Rogue Starter / Broiler is medicated to aid in prevention of coccidiosis. It is also used as a turkey grower ration for turkeys from 9 weeks through 14 weeks. *50SB*

### Rogue All-in-one Poultry Crumbles

**A complete poultry feed for growing poultry, laying hens, turkeys and most game birds.** Supplies 18% protein to ensure that growth and egg production goals are met. Rogue All-in-one Poultry Crumbles supplies a complete and balanced supply of vitamins, minerals and other nutrients. It is a convenient, non-medicated feed manufactured as a crumble that can also be used for waterfowl, game birds and well-started turkeys. *50A/O*

### Rogue Hen Scratch

**An all-natural blend of grains for all poultry.** This traditional blend of cracked corn and whole wheat blends the same high-quality ingredients used in making other Grange Co-op products for birds of all types. *50HS*

### Rogue Poultry Whole Wheat

**A popular grain for poultry and game birds.** This traditional feed for all types of backyard birds is made up of all-natural grain. Versatile and convenient, Rogue Poultry Whole Wheat can be used to feed birds on a daily basis. *50WW*

### Rogue Turkey & Game Bird Ration

**A complete and balanced feed for starting turkeys and game birds to 6 weeks.** In crumble form, this single product can be used for turkeys and many types of game birds, eliminating the need to change feeds for different types of birds. Providing proper levels of protein (28%) for growth and development, Rogue Turkey and Game Bird Ration ensures production goals are met. This ration is complete and balanced supplying the proper amounts of vitamins, minerals and other nutrients young birds need. *50TG*

### Rogue Gamebird Ration

**A complete and balanced feed for layer chicks and game birds from hatch until 9 weeks.** With proper levels of protein (21%), Gamebird Ration 21% ensures that growth and development goals will be met. Feed with confidence knowing that this complete feed supplies proper amounts of vitamins, minerals and other nutrients chicks need. It can also be used as turkey grower ration from 9 to 14 weeks. Because Gamebird Ration 21% is manufactured as a crumble, it is easy for chicks to consume, so less feed is lost as waste. *50RGBF*

### Rogue Pelleted Egg Layer

**A complete and balanced poultry feed for mature laying hens.** Supplying the proper level of protein (16%) for high egg production, pullets should be switched to Egg Pellets when they reach 18 to 20 weeks. Complete, balanced and convenient, Rogue Pelleted Egg Layer provides vitamins, minerals and other nutrients in the proper amounts that laying hens need to ensure production goals are met. *50EP*

### Rogue Egg Crumbles 16%

**A complete and balanced poultry feed for mature laying hens.** When they reach 18 to 20 weeks, pullets should be switched to Rogue Egg Crumbles to ensure that high egg production goals will be met. Supplying the proper level of protein (16%), vitamins, minerals and other nutrients, this convenient and complete feed serves as an ideal sole ration for laying hens. Special order only. *50EC*

### Rogue Organic Poultry Starter

**A certified organic feed for layer chicks from hatch until 9 weeks.** Manufactured as a crumble, Rogue Nature's Harmony provides proper levels of protein to ensure that growth and development goals will be met. This feed is complete and balanced with 20% protein, vitamins, minerals and other nutrients chicks need. Because Rogue Nature's Harmony is in crumble form, it's easy for chicks to consume and prevents feed wastage. *25ROPS*

### Organic Poultry Crumble 17%

**A Certified Organic all-purpose poultry feed.** Supplying the proper level of protein (17%) for healthy growth and egg production, Organic Poultry Crumble 17% provides all-natural nutrition. With a blend of certified organic ingredients, this convenient product supplies vitamins, minerals and other nutrients in the proper amount. When used as a layer diet it provides additional oyster shell. Certified by Washington State Department of Agriculture. *50OPF*

### Rogue Emu Feeds

We offer Emu feeds for Ratites in all life stages. Please see any of our farm stores for complete information on these feeds.
