

FOR IMMEDIATE RELEASE

Grange Co-op Celebrates Arbor Day with Free Sapling Giveaway

Grange Co-op is excited to announce its annual Arbor Day celebration and giveaway for 2026, offering more than 1,400 free saplings companywide. The event will take place on Friday, April 24th, beginning at 11 a.m. at all Grange Co-op retail locations. These saplings are always popular and tend to be claimed quickly, so community members are encouraged to arrive at the start of the event. Supplies are limited to one per household, while they last.

Visitors to any participating location will have the opportunity to choose from a variety of shade tree saplings suited to our region's climate. Available varieties may include Red Maple, Japanese Maple, Ginkgo, Eastern Redbud, and Chinese Dogwood. Not all varieties will be available at every location, and availability is subject to change.

Arbor Day has been celebrated for more than 150 years. At Grange Co-op, the day reflects the cooperative's commitment to stewardship and community. By sharing free saplings with neighbors each year, Grange Co-op hopes to help grow greener spaces that future generations will enjoy.

"Arbor Day is many people's introduction to landscaping on a larger scale. Planting a tree is a simple act that can leave a legacy for decades — watching one grow alongside your family is something truly special," said Jordan Land, Youth & Community Outreach Coordinator for Grange Co-op.
