

# GRANGE CO-OP Community NEWSLETTER

## CHICK DAYS

APRIL  
2023

Customers flooded to all seven of our retail locations early on March 11 to bring home some chicks on our annual Chick Day! Customers purchasing a qualifying bag of chicken feed were able to take

home five FREE pullets! This has been a record year with bird influenza and an egg shortage, with these factors in mind, many locations were sold out of chicks within an hour of the store opening!

## ANNUAL MEETING

On March 1st, Grange members and employees attended our annual meeting. This meeting allowed us all to look back on the great moments and accomplishments of 2022. We shared our 2022 financial results, announced our Board of Directors election results and ended the night with our tradition of pie and coffee. Attendees had the chance to network, reflect on the past year, and look to our future successes.

## SOHUMANE

Grange Co-op and the Southern Oregon Humane Society partnered together on March 11 to help provide fur-ever homes for over 12 dogs. The White City Grange Co-op location was flooded with volunteers and families looking for a new furry friend. Dogs ranged in all ages and sizes, and as the dogs found new homes, their new family was sent home with a wag-bag filled with treats and toys to help them settle in. Helping provide a new environment

for these dogs to find homes is something all of us at Grange Co-op look forward to every year. We are so thankful for the communities' support of the Southern Oregon Humane Society, whether it's through adoptions, raffle entries or volunteering their time.

## OREGON FFA

The 95th annual Oregon FFA State Convention took place March 16-19. Grange Co-op hosted a booth where FFA members tested their agricultural knowledge with our prize drop trivia. Over 2,000 students flooded the Deschutes County Fairgrounds,

each year we are blown away by the respect, dedication and passion for agriculture these young men and women exhibit. We want to give an extra shout out to all the FFA members across the Southern Oregon district who competed at the state

level this year. It was an incredible opportunity to interact with and support the future leaders of our community. We enjoyed meeting with students, answering questions, and discussing the impact of agriculture on our daily lives.
