

GRANGE CO-OP Community NEWSLETTER

FAIR

The summer fair season in Jackson County was full of sunshine and unwavering support for dedicated youth livestock exhibitors. Grange Co-op offered convenient access to last-minute fair essentials through our mobile store, ensuring that every participant had the resources they needed for a successful and memorable fair experience.

The 2023 Swine, Steer and Poultry auctions brought in over 2 million dollars. Grange Co-op was able to support 13 projects across both auctions. Congratulations to all of the exhibitors and supporters who make all of the county fairs such an impactful event.

AUGUST
2023

PARADES

Grange Co-op staff members across the Rogue Valley celebrated Independence Day in the Eagle Point and Central Point 4th of July parades. We were grateful to express pride for our country and communities alongside all the parade goers.

Employees showed their spirit, working hard decorating our floats. Some chickens even made an appearance! Beyond the parades themselves, the experience allowed us to connect with fellow community members on a personal level. It was a chance for conversations, laughter, and shared memories.

FFA VISIT

Grange Co-op had the privilege of hosting the Oregon FFA's July Executive meeting. It was an honor to open our doors and provide our building space for connection, collaboration, and community building. Grange Co-op is proud to support California and Oregon FFA, our shared commitment to supporting and empowering the next generation of agricultural leaders is the foundation of many successes.

DISTRICT LEADERSHIP CAMP

Employees shared leadership & career opportunities and led a workshop on what leadership in the lives of FFA members looks like as their time in FFA ends. Thank you, Southern Oregon FFA, for inviting us to your leadership camp!

Grange Co-op had the incredible opportunity to visit the Southern Oregon FFA members at their district leadership camp. Witnessing the dedication and enthusiasm of these remarkable students as they prepared themselves to impact their chapters and communities in the upcoming school year was inspiring.
