

# GRANGE CO-OP Community NEWSLETTER

## STLHD RIVER CLEAN UP

OCTOBER  
2023

To wrap up the Summer, Grange Co-op partnered with STLHD for their annual Southern Oregon River Clean Up. Customers, community members and employees joined together to clean the shoreline and more at Madsen Park in Josephine County. STLHD has worked with SOLVE Oregon, a group dedicated to riverfront clean up and community stewardship across the

state. We are grateful the team at STLHD invited us. Although it was frustrating to see the amount of garbage in the area, our teams weren't afraid to get our hands dirty

to benefit our river and community!! We want to recognize the Grange Co-op employees who traveled far and spent their Saturday working toward a good cause.

## ANIMAL SHELTER DONATIONS

Countless dogs and cats have found their forever homes thanks to Grange Co-op's adoption events, in partnership with local animal shelters. But our support goes beyond just finding homes. Grange Co-op staff have the wonderful opportunity to

donate pet toys, food, and even wood pellets that double as kitty litter to nearby animal shelters. This ensures that the time these animals spend waiting for their forever homes is as comfortable as possible.

## YOUTH IN AGRICULTURE

Grange Co-op is committed to supporting the next generation of agriculture. One way this commitment is shown is through the Youth in Agriculture Program. Youth in Agriculture programs, such as FFA and 4H, are eligible for exclusive discounts,

rewards and more at all seven Grange Co-op retail locations. If you participate in these programs, it's time to reenroll. You can help support your local Youth in Agriculture by rounding up your total at Grange Co-op.

**IT'S TIME TO RE-ENROLL!**
